Product information

Greenhouse 30 basic HIGH

Art no: FC 3090 (no bottom, soil volume 360L)

Art no: FC 3090GW (Grow-Watering kit, soil volume 200L)

Art no: FC 3090B (Bottom kit, soil volume 350L)

Size: 120 x 120 x 180 cm (L x W x H)

Plastic cover protects against heavy & acid rain, good for seedling
種植膠膜能抵擋暴雨和酸雨，保護幼苗，免受強風影響植物

Greenhouse 30 extension HIGH

Art no: FC 3095 (no bottom, soil volume 360L)

Art no: FC 3095GW (Grow-Watering kit, soil volume 200L)

Art no: FC 3095B (Bottom kit, soil volume 350L)

Size: 120 x 120 x 180 cm (L x W x H)

Insect net keeps slugs and insects away, physical control of pests
防蟲網能保護植物，免受蛞蝓及昆蟲侵襲，提供物理防治病蟲害

Greenhouse 30 basic

Art no: FC 3050 (no bottom, soil volume 360L)

Art no: FC 3050GW (Grow-Watering kit, soil volume 200L)

Art no: FC 3050B (Bottom kit, soil volume 350L)

Size: 120 x 120 x 130 cm (L x W x H)

Insect net provides shading 10 - 15%, open net when pollination
防蟲網更能遮陽 10 - 15%，進行授粉時，需開啟部份防蟲網

Greenhouse 30 extension

Art no: FC 3055 (no bottom, soil volume 360L)

Art no: FC 3055GW (Grow-Watering kit, soil volume 200L)

Art no: FC 3055B (Bottom kit, soil volume 350L)

Size: 120 x 120 x 130 cm (L x W x H)

Greenhouse makes it easy to grow without using of pesticides
『丹麥蔬菜小溫室』令種植輕鬆容易，不需農藥，產品質素高

Greenhouse 30 Lean To HIGH

Art no: FC 3220 (no bottom, soil volume 180L)

Art no: FC 3220GW (Grow-Watering kit, soil volume 90L)

Art no: FC 32205B (Bottom kit, soil volume 170L)

Size: 62 x 120 x 180 cm (L x W x H)

Open the plastic cover when day temperature over 20°C.
日間溫度高於20度時，請把膠膜捲起

Greenhouse Lean To Low

Art no: FC 3120 (no bottom, soil volume 180L)

Art no: FC 3120GW (Grow-Watering kit, soil volume 90L)

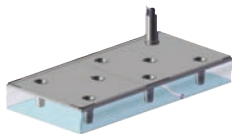

Art no: FC 3120B (Bottom kit, soil volume 170L)

Size: 62 x 120 x 108 cm (L x W x H)

Accessories & Growing Tips 配件及種植小貼士:-

1. GrowWater is used for self watering system. You don't need to watering everyday. (Tips: use Gartenton in the bottom layer to provide capillary force for water uptake, it gives perfect result.) GrowWater是自動灌溉系統配件，安裝後不用每天澆水。(小貼士：請使用Gartenton碎陶粒在底層，能提供毛細管作用，令水有效上升，種植效果更佳。)
2. Bottom plate is ideal for using in roof top or strong wind area. (Tips: use Clay Pebbles in the bottom layer is highly recommended.)若小溫室放置在天台或當風地方，請使用底板配件。(小貼士：建議使用陶粒在溫室底層，之後再加入培養土，這樣能提供空氣及水份給植物根部，種植效果會更佳。)
3. GrowTray is used for nurseries or seedling, or garden tools storage. 種植盆主要是用來培育幼苗之用，或擺放小工具。所有蔬菜，除了蘿蔔，先育苗，再移植，效果更佳。
4. When you install GrowFrame wheels or Legs, please remember to install Bottom plate as well. 如購買滑輪或腳架時，請同時購買底板。腳架高度，剛好是與椅子高度相若，可以坐下來輕鬆地慢慢做。
5. Copper tape can be avoided snail or slugs to reach to the growing area. 銅片貼是能夠有效防止蛞蝓或蝸牛爬行到種植範圍。這是物理防治的方法。也適合用於任何花盆或小溫室。
6. Potting soil is highly recommended for all crops in mini green house.建議使用培養土，代替真泥土，可避免病蟲害和土壤板結問題。

Enjoy the Urban Farming Today!
今日，就可以享受都市種植的樂趣！

GrowWater Self Watering System

Art no: FC 6862
Size: 62 x 120 cm (L x W)

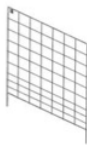

GrowTray w/brackets

Art no: FC 4276
Size: 120 x 36 x 6.5 cm (L x W x H)

GrowFrame wheels 4x

Art no: FC 9127

GrowNet Large

Art no: FC 4240
Size: 87.5 x 109 cm (W x H)

Support kit bottom

Art no: FC 6690
For basic 30 bottom

Bottom Plate

Art no: FC 6662
Size 62 x 120 cm (L x W)

GrowTray Lean To High

Art no: FC 7100
To use with Lean To High Only

GrowFrame legs 4x

Art no: FC 9128

GrowNet Small

Art no: FC 4262
Size: 40 x 78 cm (W x H)

Copper Tape

Art no: FC 4400
Size: 40 mm x 5 meter
Against slugs
